Dear Sir,

27 July 2010

**OCCUPATIONAL HEALTH AND SAFETY ACT, 1993,  
PRESSURE EQUIPMENT REGULATION 17: GAS RETICULATION EQUIPMENT AND  
SYSTEMS: APPROVAL AS AN ORGANISATION FOR THE REGISTRATION OF GAS  
PRACTITIONER:**

1. Approval is hereby granted to the South African qualification and Certification Committee (SAQCC – Gas), made up from the following organizations and associations:-
  - (a) The Liquefied Petroleum Gas Safety Association of Southern Africa (LPGSASA);
  - (b) Southern African Compressed Gases Association ;
  - (c) Southern African Refrigeration & Air conditioning Contractors Association (SARACCA)
  - (d) South African Pipeline Gas association ,as the approved organization to perform the registration function for gas practitioners (Gas Installers) in terms of Regulation 17 (1) of the Pressure Equipment Regulations.
2. The SAQCC- Gas is currently based at the LPGSASA's premises at 263 Kent Avenue Ferndale, Randburg and may move to any other locations or premises as decided by the SAQCC Gas, Board of Directors.
3. In line with the development taking place under SAQA and related structures, it is required that this office be provided with a status report as to the registration committee's development; understanding and qualification approvals received from the SETA applicable to the industry.

Yours faithfully

Chief Inspector
